

Moved to developer.symbian.org!

- This Symbian specific article is now hosted at [Obtaining and using a Publisher ID](#), on Symbian Foundation's developer community web site. Please use that page for up-to-date information and for further contributions.

Steps to buy Trust Center Publisher ID:

1. You must be part of company or organization (individual developer is not allowed!)
2. Prepare documents that can prove the existence of your company or organization
3. Prepare your credit card (American Express, Visa, Master Card)
4. It's better to use your corporate email (non public email), so you can use it to register SymbianSigned account.
5. You must use the same browser and computer until you get your certificate file (.pfx)
6. Go to this link <http://www.trustcenter.de/order/publisherid/dev>
7. Enter the details that will be put in your certificate: Location, State or Province, Country, Organization, Department.
8. Press Next.

 **TRUST CENTER**
a company of CHOSENSECURE

TC PUBLISHER ID

Entering Certificate Data

The data you enter in this form will also be contained in the certificate that TC TrustCenter issues.

Please note the marks next to the input fields. Mandatory fields are marked by .

ATTENTION: The use of special characters (e. g. umlauts, accents, ampersand) in the certificate can lead to problems with some applications. We therefore strongly recommend avoiding the use of special characters.
