

Hi

I am developing very small application of Picture gallery using maemo ,can any one guide me,where I will get Hildon API for loading image?

many thanks and regards

Deepak

5800 ExpMusic J2me bugs

Sometimes navigation and game keys isn't appear and fire button action is false. Isn't it ?

Please use the Discussion Board for off-topic discussions

Dear all,

if you have any questions to ask please do it on Discussion Board's most relevant forum. The Comment pages in wiki should remain reserved for comments related to the article they are attached to, nothing else.

- For Hildon APIs go to maemo.org
- For discussions about application development on S60 5th Edition devices go to [Discussion Board: S60 5th Ed UI, Touch and Sensors](#)
