

## Mr. Mehul Jajal

Bachelor of Engineering (Electronics & Communication)

India

I am having more than 6 years' of experience in teaching graduate students of Engineering experience in Electronics & Communication, IT and mobile systems and applications related subjects. I am based within the Department of Electronics and Communication Engineering at Shantilal Shah Engineering College, Bhavnagar University, Gujarat, India. I had published extensively many research papers in various area of interest. Currently i am focusing on the development in Qt for s60 and Symbian C++. I am also the coordinator of the Symbian Academy at our institute which will encourage the student and provides a necessary guidelines for them. I had also actively participated in organizing Forum Nokia related activities in my university with kiran trivedi and many faculties, students and developers have benefited out of it.

### Area of Interest

Python, C, C++, Java,Qt for s60.

### Books and Publication

- ITPC-2003 ? "Emergency Messenger: An Economical System for Disaster Management," Katmandu, Nepal.
- Jan-2005 - " Basics of CDMA technology" ,S V Institute of computer science,Kadi-Gujarat.
- NCICT-2005 ? "Smart Lightweight Wireless-Messaging Applications: A Novel Approach for Multiple-Destination Diversion and Customized Auto Response for Mobile Phone Messaging," Ahmedabad, India.
- NCICT '06 - "The Roadmap from GSM to 3G wireless networks: A pioneering approach to current world scenario",D J Sanghvi college,Mumbai.
- ETCIT '07 ? Money on the Move. ATM Locater: Location-Aware Automatic Teller Machine (ATM) Mobile Application with Directions,Rayat institute of engineering,Punjab.

### Contribution

- More than 45 article has been written in the Python and Qt for S60 Category : [My contribution](#)
- Featured article of the week-2 January 2009 : [Featured Article](#)

### Achievement

- Wiki Contributor of the month December-08,January-09
